LES MILLS
BODYATTACK

BODYATTACK™ is a high-energy fitness class that combines athletic movements like running, lunging and jumping with strength exercises such as push-ups and squats. You'll burn tons of calories and improve your strength, coordination and agility, leaving you with an endorphin high!

LES MILLS
BODYFLOW

BODYFLOW™ blends elements of yoga, Tai Chi and Pilates to benefit both body and mind. Simple moves set to great music, with options for all levels, will improve your strength, balance and flexibility. You'll leave the class feeling calm, centered and ready to take on the world!

LES MILLS
BODYPUMP

BODYPUMP™ is the original barbell-based strength training class that gets you lean, toned and fit – fast. You'll work all your major muscle groups using light to moderate weights with lots of repetitions. Leave the class feeling challenged and motivated, and ready to come back for more. It's our most popular class for a reason!

LES MILLS
BODYSTEP

BODYSTEP™ is a full-body cardio workout that will tone your lower body like nothing else. You'll start with basic stepping, and gradually challenge your brain and coordination with faster stepping and the chance to test your rhythm and flair. Some classes incorporate moves like burpees, push ups and weight plate exercises to work the upper body as well. You (and your legs) will love it!

LES MILLS
CXWORX

CXWORX™ strengthens all the muscles in and around your body's core. A stronger core makes you better at all the other things you do, from activities of everyday life to your favorite sports. It's the glue that holds everything together! And since it's just 30 minutes long, it's the perfect workout when you're pressed for time (or a great add-on to another class).

The logo for FLX CYCLE features a stylized orange flame icon to the left of the text "FLX CYCLE" in a bold, black, sans-serif font.

FLX Cycle is our signature indoor cycling class, with an energetic mix of hit music that helps push you through a full 60-minute class. You'll get a challenging blend of interval training, strength, speed and endurance work (and maybe a little bit of dance party). Leave sweaty and satisfied, with a smile on your face!

LES MILLS
RPM

RPM™ is 45 minutes of high-energy cardio interval-based indoor cycling. You'll draw on the energy of the group and the rhythm of the music through a journey of hill climbs, speedwork and power training. You're in control of your own resistance levels and speed, so you can build up your fitness level over time. It's a low-impact cardio workout that burns lots of calories, improves your aerobic fitness and gives you a feeling of personal achievement!

LES MILLS
SH'BAM

SH'BAM™ is a fun-loving, ego-free cardio dance workout – no dance experience required. We turn on the party lights to create a club-like atmosphere and allow you to immerse yourself in the experience. You'll gain some hot new moves as you burn some calories!

LES MILLS
tone

Les Mills TONE™ is a mix of cardio, strength and core training, with options for all fitness levels. You'll burn calories while improving your energy levels, flexibility, balance, agility and core strength. Improve your functional fitness and leave feeling fantastic!
